| Price each Euro       | €3266                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| Note                  | Spellman reserves the right to increase prices after the date of the Buyer's Purchase Order to cover currency fluctuation which directly increases costs of imported material                                                                                                                                                                                                                                                                                                                                                                                              |
| Lead Time:            | Temporarily approx 32 weeks. To be confirmed at the time of order<br><br>During the early morning hours of Jan. 23, Spellman experienced a fire in one of our facilities in Matamoros, Mexico.<br>As a result of this event, our Business Continuity Plan has been activated. Our disaster response team is working to assess the situation and its impact to operations. The facility where this fire occurred housed our sub-assembly manufacturing. Our main plant, covering top level assembly, test and administrative/technical functions was not directly affected. |
